Session on Gender Diversity (14-06-2024)

Theme of the Event:

CII IWN, Andhra Pradesh in association with Dr Lankapalli Bullayya College of Engineering conducted a session on Fostering Inclusive Classrooms-Embracing Diversity for the Faculty of Dr Lankapalli Bullayya College of Engineering, Visakhapatnam, on 14 June 2024. The purpose of interactive training session was to acquaint the faculty with the concept of Diversity, need to be able to see it, acknowledge it, and celebrate it by offering equitable opportunities for the diverse population of students in their classrooms thereby making Inclusion a reality.

Prof D Deepak Chowdary, Principal of the college delivered the welcome address and set the tone for the session.

The Resource Person, Dr Usha Pantula, Chair, Leadership Pillar, CII IWN Andhra Pradesh and a Corporate Trainer, began her session by explaining the concepts of Diversity, Equity and Inclusion, throwing light on the need for understanding these concepts in the current world and imbibing them in interactions with students in order to make classrooms inclusive. The impact on the students nurtured in an equitable and inclusive classroom was highlighted in purview of the changing landscape of workplaces today. She enlightened the faculty on the various barriers to embrace diversity and discussed simple but conscious ways of overcoming them. The session ended with a consensus among all those present that the faculty who understands appreciates diversity, offers equity and indulges in inclusive conversations with students leaves a lasting impression on the student- who is a Leader in the making.

Over 60 faculty members actively participated in the interactive session that happened in the Block 8 Seminar Hall. Prof V Radha Devi, Executive Council Member of CII IWN Andhra Pradesh and Head, Department of Basic Sciences and Humanities, Dr LB College of Engineering, thanked Dr Usha Pantula for delivering an informative and interactive session. Ms Vara Manasa, Asst Professor, Department of Civil Engineering, coordinated the session.

International Girls in ICT Day (25-04-2024)

Theme of the Event:

International Girls in ICT Day is an initiative aimed at empowering and encouraging girls and young women to consider careers in information and communication technology (ICT). It is celebrated annually on the fourth Thursday of April. The day serves as a global effort to bridge the gender gap in the field of ICT and promote greater female participation in technology-related careers.

The International Girls in ICT Day was established by the International Telecommunication Union (ITU), a specialized United Nations agency responsible for information and communication technologies. The ITU recognized the need to address the underrepresentation of women in the ICT sector and launched this initiative.

On this day, a guest lecture is given by S S Siva Sagar Korukonda, Manager, Head of ICT Operations, Teejay India Pvt. Ltd on the topic named "A Revolution: Digital Transformation and Digital Public Infrastructure". It was organized by Women Empowerment Cell in coordination with Department of Computer Science Engineering.

About the Institute:

Dr. Lankapalli Bullayya College of Engineering encourages and promotes education and keeps its focus on empowerment and their personality development with which they can face the challenges of modern world. The broad objective of the institution is to provide the right opportunities to students for learning the higher skills in new technologies and building their extraordinary careers in industry and research organizations.

Acclaimed by the student community as an outstanding women engineering college in the smart city Visakhapatnam, Andhra Pradesh, Dr. Lankapalli Bullayya College of Engineering, was established by The Society for Collegiate Education in 2010 with the objective to produce technologists and scientists who would engage in research, design and development to help building the nation. Our Campus is ideally located in the heart of the city on 10 acre land.

The curriculum places emphasis on basic topics in engineering sciences, design and experimental methods. The College's faculty and staff strive hard with their limitless potential and technical expertise to create ingenious Engineers.

About Women Empowerment Cell:

A women empowerment cell typically refers to a department, committee, or organization within an institution or community dedicated to promoting gender equality and empowering women. These cells are often found in educational institutions, workplaces, government bodies, and NGOs. Some key aspects and functions of a women empowerment cell are Awareness and Education, Support Services, Skill Development, Policy Advocacy, Networking and Collaboration, Celebrating Achievements. Overall, women empowerment cells play a crucial role in creating a supportive and empowering environment for women to thrive and contribute to society on an equal footing with men.

International Women's Day Celebrations 2024

(07-03-2024)

Theme of the Event:

International Women's Day (IWD) is celebrated annually on March 8th to honor the social, economic, cultural, and political achievements of women worldwide. It also serves as a call to action for accelerating gender parity and promoting women's rights. Some key points about International Women's Day:

History: International Women's Day has its roots in the early 20th century, with the first observance held in 1911. It emerged from the movements for women's suffrage and labor rights, gaining momentum as a global event over the years.

Themes: Each year, International Women's Day is marked with a specific theme that reflects current issues and priorities related to women's empowerment and gender equality. These themes range from women's economic empowerment to gender-based violence to women's leadership and representation.

Celebrations: International Women's Day is celebrated in various ways around the world, including rallies, marches, panel discussions, art exhibitions, film screenings, and social media campaigns. It's an opportunity for individuals, organizations, and governments to come together to celebrate women's achievements and advocate for gender equality.

Global Impact: International Women's Day has become a global platform for raising awareness about women's rights and issues, as well as for mobilizing action to address gender disparities. It has played a significant role in driving progress on key issues such as equal pay, reproductive rights, and women's representation in decision-making roles.

Overall, International Women's Day is a significant moment for celebrating progress, raising awareness, and mobilizing action toward gender equality and women's empowerment on a global scale.

National Girl Child Day (24-01-2024)

Theme of the Event:

National Girl Child Day is celebrated in India on January 24th every year. It aims to raise awareness about the inequalities faced by girls, promote their rights, and highlight the importance of education, health care, and nutrition for girls. The day also emphasizes the need to eradicate discrimination and violence against girls.

The Indian government initiated National Girl Child Day in 2008 as part of its efforts to address gender inequality and empower girls. Various events, seminars, workshops, and campaigns are organized across the country on this day to advocate for the rights of girls and to create a more conducive environment for their growth and development.

On this day, a guest lecture is given by Dr.D.Mallika, Associate Professor, Dept. of Chemistry, Dr. Lankapalli Bullayya College on the topic named " Our Rights, Our Future". It was organized by Women Empowerment Cell in coordination with Department of Electronics and Communication Engineering.

International Day for Rural Women (16-10-2023)

Theme of the Event:

The International Day of Rural Women is observed on October 15th every year. It's a day designated by the United Nations to recognize the critical role that rural women play in enhancing agricultural and rural development, improving food security, and eradicating rural poverty.

The day aims to highlight the contributions of rural women to their communities and economies. It acknowledges their role in agriculture, food production, and natural resource management. Rural women often face multiple challenges, including limited access to land, healthcare, education, and financial resources. This day serves as an opportunity to address these challenges and advocate for gender equality and empowerment of rural women.

Various organizations, governments, and communities around the world use this day to organize events, workshops, and campaigns focusing on the needs and rights of rural women.

On this day, a guest lecture is given by Dr. M Amareswari Reddy, Assistant Professor, Department of Civil Engineering, Dr. Lankapalli Bullayya College of Engineering on the topic named " Rural Women Cultivating Good Food for All". Women Empowerment Cell organized it in coordination with Department of Civil Engineering.
