About the Institute:

Dr. Lankapalli Bullayya College of Engineering encourages and promotes education and keeps its focus on empowerment and their personality development with which they can face the challenges of modern world. The broad objective of the institution is to provide the right opportunities to students for learning the higher skills in new technologies and building their extraordinary careers in industry and research organizations.

Acclaimed by the student community as an outstanding women engineering college in the smart city Visakhapatnam, Andhra Pradesh, Dr. Lankapalli Bullayya College of Engineering (for women), was established by The Society for Collegiate Education in 2010 with the objective to produce technologists and scientists who would engage in research, design and development to help building the nation. Our Campus is ideally located in the heart of the city on 10 acre land.

The curriculum places emphasis on basic topics in engineering sciences, design and experimental methods. The College's faculty and staff strive hard with their limitless potential and technical expertise to create ingenious Engineers.

About the EEE Department:

The Department of Electrical & Electronics Engineering was established in 2010-2011. The department offers a four year degree program Admission process is through state- wide entrance examination i.e EAMCET. The department is resourceful in terms of infrastructure and state-of-the-art facilities to pursue academic education and research in niche areas of technology. Liberal funding from the college management has enabled the Department to acquire specialized research facilities. The highly qualified and experienced faculty in adequate strength with zero attrition rates is one of the most significant features of the department. Electrical & Electronics Engineering is an enlightening branch which requires overall peripheral knowledge about all other branches and in-depth knowledge of Electrical & Electronics Engineering.

Theme of the Event:

Energy Conservation Day is observed annually on December 14th to raise awareness about the importance of conserving energy and promoting sustainable energy practices. The day serves as a reminder of the need to reduce energy consumption to mitigate the environmental impact of energy use and to ensure the availability of energy resources for future generations. Energy conservation is crucial for Environmental Sustainability, Resource Conservation, Cost Savings, Energy Security.

On Energy Conservation Day, various activities and initiatives are organized to promote energy efficiency and raise awareness about sustainable energy practices. These may include Educational campaigns, Energy audits, Public awareness campaigns, Energy-saving initiatives.

On this day, the campaigning for electrical energy saving is done by e-LBikes starting from Dr. Bullayya Colleges to R.K. Beach and the route map is as follows:
