About the Institute:

Dr. Lankapalli Bullayya College of Engineering for Women encourages and promotes

education and keeps its focus on empowerment and their personality development with

which they can face the challenges of modern world. The broad objective of the institution

is to provide the right opportunities to students for learning the higher skills in new

technologies and building their extraordinary careers in industry and research organizations.

Acclaimed by the student community as an outstanding women engineering college

in the smart city Visakhapatnam, Andhra Pradesh, Dr. Lankapalli Bullayya College of

Engineering (for women), was established by The Society for Collegiate Education in 2010

with the objective to produce technologists and scientists who would engage in research,

design and development to help building the nation. Our Campus is ideally located in the

heart of the city on 10 acre land.

The curriculum places emphasis on basic topics in engineering sciences, design and

experimental methods. The College's faculty and staff strive hard with their limitless

potential and technical expertise to create ingenious Engineers.

About the Department of Basic Sciences & Humanities:

This Department is aimed to foster the fundamental principles and understanding of

science to enhance the students' basic knowledge of Engineering. Its objective is to

inculcate basic knowledge in Mathematics, Physics, Chemistry and English which is the

foundation of Engineering education. Besides academics the Department is actively involved

in the development of students' personality, communication and soft skills to boost them in

the modern and globally competitive environment. The department has state-of-the-art

laboratories . The department also helps the students to acquire an English Communication

skill to increase their proficiency in English Language which will enable them to cope up with

the cut throat competition in the job market.

Theme of the Event

English Language Day was celebrated on 22 April 2024 in Block 8 Seminar Hall. A good number of first year B. Tech students and teaching faculty have attended with passionate love for understanding the significance of English language.

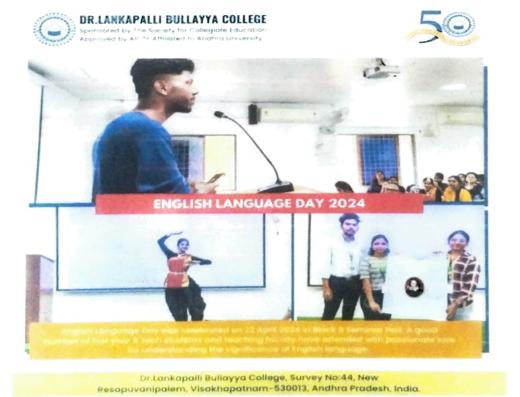

English Language Day was chosen to be celebrated on April 23 because the date is observed as the birth and death anniversary of the renowned author William Shakespeare. In today's era, English has become a powerful language as it brings together everyone for trade and communication, and is considered as a second language in almost every nation.

The head of the department Prof. V. Radha Devi in her opening remarks explained the importance of English Communication Skills in the modern society and job markets. Ms. A. Geetha, a student of ECE-A Section described the significance the English Day Celebration. The Subject Coordinator Prof. K Kishore Varma has spoken about the methods for developing LSRW skills. He also advised them to develop passion for studying English Literature which can help them to develop their creative thinking which in turn can make them creative engineers.

The students have taken active part in Recitation of Poems, Solo singing, Group Singing, PPT presentations and Poster Presentations. Ms. Harsha a student of First year ECE-A has proposed the vote of thanks.

About the Institute:

Dr. Lankapalli Bullayya College of Engineering for Women encourages and promotes education and keeps its focus on empowerment and their personality development with which they can face the challenges of modern world. The broad objective of the institution is to provide the right opportunities to students for learning the higher skills in new technologies and building their extraordinary careers in industry and research organizations.

Acclaimed by the student community as an outstanding women engineering college in the smart city Visakhapatnam, Andhra Pradesh, Dr. Lankapalli Bullayya College of Engineering (for women), was established by The Society for Collegiate Education in 2010 with the objective to produce technologists and scientists who would engage in research, design and development to help building the nation. Our Campus is ideally located in the heart of the city on 10 acre land.

The curriculum places emphasis on basic topics in engineering sciences, design and experimental methods. The College's faculty and staff strive hard with their limitless potential and technical expertise to create ingenious Engineers.

About the Department of Basic Sciences & Humanities:

This Department is aimed to foster the fundamental principles and understanding of science to enhance the students' basic knowledge of Engineering. Its objective is to inculcate basic knowledge in Mathematics, Physics, Chemistry and English which is the foundation of Engineering education. Besides academics the Department is actively involved in the development of students' personality, communication and soft skills to boost them in the modern and globally competitive environment. The department has state-of-the-art laboratories. The department also helps the students to acquire an English Communication skill to increase their proficiency in English Language which will enable them to cope up with the cut throat competition in the job market.

Theme of the Event

The Departments namely CSE, ECE, EEE, Civil and Basic Sciences & Humanities of Dr. Lankapalli Bullayya College of Engineering have successfully organized the Ethnic Day for upholding the cultural heritage of our country.

The students of I/IV B.Tech and the students and staff from other departments have celebrated the Pongal Festival on the 9th of January for the year 2024. The students and staff arrived in traditional dhotis and sarees to mark the occasion. The celebration started around 2:30 a.m. The entrance area of college building was decorated with colorful Rangoli to celebrate the occasion with colors and happiness. The event was arranged by the students and teachers. It was an ambience filled with music; dance and the joyful faces reverberated with big smiles. Pongal (the traditional sweet meat) was prepared by the staff members. The ceremony was inaugurated by Dr G Madhu Kumar, the Secretary & Correspondent, Dr. Lankapalli Bullayya Colleges by lighting the Bhogi Fire.

To

The Principal, Dr. Lankapalli Bullayya College of Engineering, Visakhapatnam.

Respected Sir,

Sub: Permission request for the celebration of Christmas-Reg

The Department of Electrical and Electronics Engineering would like the festival of Christmas on 23-12-2023 from 1:00pm onwards at the Power Electronics Lab (Block-7) with cake cutting and playing some carols in. So in this regard, I request for the suspension of classwork and allow us to make this event a grand success.

Thanking you Sir

Yours sincerely,

(H.O.D, Dept. of EEE)

The curriculum places emphasis on basic topics in engineering sciences, design and experimental methods. The College's faculty and staff strive hard with their limitless potential and technical expertise to create ingenious Engineers.

About the EEE Department:

The Department of Electrical & Electronics Engineering was established in 2010-2011. The department offers a four year degree program Admission process is through state- wide entrance examination i.e. EAMCET. The department is resourceful in terms of infrastructure and state-of-the-art facilities to pursue academic education and research in niche areas of technology. Liberal funding from the college management has enabled the Department to acquire specialized research facilities. The highly qualified and experienced faculty in adequate strength with zero attrition rates is one of the most significant features of the department. Electrical & Electronics Engineering is an enlightening branch which requires overall peripheral knowledge about all other branches and in-depth knowledge of Electrical & Electronics Engineering.

Theme of the Event:

Christmas is an annual festival commemorating the birth of Jesus Christ, observed primarily on December 25 as a religious and cultural celebration among billions of people around the world. While the exact date of Jesus' birth is not known, December 25th has been adopted by Western Christianity as the day to mark the occasion.

Christmas is a time of joy, giving, and family gatherings. It is characterized by various traditions and customs that vary widely across different cultures and regions.

While Christmas has deep religious significance for Christians, it has also become a secular cultural phenomenon celebrated by people of various faiths and backgrounds. It's a time of warmth, generosity, and goodwill toward others, encapsulating the spirit of giving and spreading joy.

Theme of the Event

National Mathematics Day was celebrated on 22-12-2023 in the department of Basic Sciences & Humanities. It commemorated the birth anniversary of Srinivasa Ramanujan, an Indian mathematician who made significant contributions to several fields of mathematics. The teachers of BSH paid homage to Srinivasa Ramanujan by garlanding his portrait and remembering his contribution to the field of Mathematics. The Mathematics Day was celebrated with objective of creating awareness about importance of mathematics in day-to-day life situation and also to create students' interest in studying the mathematics.

After the Formal Inauguration and Welcome Address, the guest speaker and other staff have offered floral tributes to Sri Srinivasa Ramanujan. Dr. V Radha Devi, Head of the department of Basic Sciences and Humanities, has spoken about the significance of the day. The Subject Coordinator Dr. B Pardha Sardhi has narrated the biographical details of Sri Ramanujan. Mr. M Venugopala Rao, an expert trainer in Quantitative Aptitude and Problem Solving Techniques has delivered his guest lecture. The students and staff have felicitated the Guest of honor. Ms. Sheetal, a First year student has proposed vote of thanks.

As part of the celebrations, Mathematics Exhibition, Paper Presentations, Poster Presentations and Student Seminars were organized. The program was very useful to students of professional courses. The Teaching Staff have graced the occasion and encouraged the students.

Theme of the Event

Constitution Day is being celebrated every year on 26th of November to mark the adoption of the Indian Constitution by the Constituent Assembly. The Constituent Assembly of the country formally adopted the Constitution on this day in 1949, which came into force on the 26th of January 1950. To commemorate the Samvidhan Diwas (Constitution Day), the Ministry of Parliamentary Affairs has urged all citizens to participate in the Constitution Quiz and Online Reading of the Preamble.

The Department of Basic Sciences and Humanities of Dr. Lankapalli Bullayya College of Engineering conducted National Constitution Day on 25-11-2023 from 2.30:pm to 3:00 pm in Block-8, Seminar Hall. The 1st year B.Tech Students of CSE and ECE branches and the faculty members actively participated in the Event. Over 200 students and 7 faculty members of the college have participated in the program. In order to commemorate the National Constitution Day 2023, the staff and students read the Preamble & reiterated their commitment to upholding the values enshrined in the Constitution of India.

Dr. V Radha Devi, Head of the Department of Basic Sciences & Humanities of Dr. Lankapalli Bullayya College of Engineering has inaugurated the program. Dr. K Kishore Varma Associate Professor in English spoke about the significance of the Day. Dr. N Swathi has guided the students and staff in taking the Preamble Pledge. The program successfully ended with Vote of Thanks. Dr K Kishore Varma, Associate Professor of English, enlightened the students on the history and importance of this day. He motivated them to cherish the glory and reaffirm their commitment to uphold the ideology of great Indian constitution

The pledge was taken to remember the ideals of the preamble of Indian Constitution i.e India to be a sovereign, socialist, secular and democratic republic which is aiming to secure justice, liberty, equality to all citizens and promote fraternity to maintain unity and integrity of the nation were stressed. Mrs. N Swathi has proposed the vote of thanks.

Preamble Pledge

WE, THE PEOPLE OF INDIA having solemnly resolved to constitute India into a SOVEREIGN SOCIALIST SECULAR DEMOCRATIC REPUBLIC and to secure to all its citizens:

JUSTICE, social, economic and political;

LIBERTY of thought, expression, belief, faith and worship;

EQUALITY of status and of opportunity; and to promote among them all

FRATERNITY assuring the dignity of the individual and the unity and integrity of the Nation;

IN OUR CONSTITUENT ASSEMBLY this twenty-sixth day of November, 1949, do HEREBY ADOPT, ENACT AND GIVE TO OURSELVES THIS CONSTITUTION.

About the Institute:

Dr. Lankapalli Bullayya College of Engineering for Women encourages and promotes

education and keeps its focus on empowerment and their personality development with

which they can face the challenges of modern world. The broad objective of the institution

is to provide the right opportunities to students for learning the higher skills in new

technologies and building their extraordinary careers in industry and research organizations.

Acclaimed by the student community as an outstanding women engineering college

in the smart city Visakhapatnam, Andhra Pradesh, Dr. Lankapalli Bullayya College of

Engineering (for women), was established by The Society for Collegiate Education in 2010

with the objective to produce technologists and scientists who would engage in research,

design and development to help building the nation. Our Campus is ideally located in the

heart of the city on 10 acre land.

The curriculum places emphasis on basic topics in engineering sciences, design and

experimental methods. The College's faculty and staff strive hard with their limitless

potential and technical expertise to create ingenious Engineers.

About the Department of Basic Sciences & Humanities:

This Department is aimed to foster the fundamental principles and understanding of

science to enhance the students' basic knowledge of Engineering. Its objective is to

inculcate basic knowledge in Mathematics, Physics, Chemistry and English which is the

foundation of Engineering education. Besides academics the Department is actively involved

in the development of students' personality, communication and soft skills to boost them in

the modern and globally competitive environment. The department has state-of-the-art

laboratories. The department also helps the students to acquire an English Communication

skill to increase their proficiency in English Language which will enable them to cope up with

the cut throat competition in the job market.

Theme of the Event

National Unity Day (Hindi: राष्ट्रीय एकता दिवस,) is celebrated in India on 31 October. It was introduced by the Government of India in 2014. The day is celebrated to mark the birth anniversary of Sardar Vallabhbhai Patel who had a major role in the political integration of India. Sardar Vallabhbhai Patel played a pivotal role in the consolidation of India's 565 princely states, and National Unity Day serves as a tribute to the remarkable contributions of this eminent figure, who also held the distinction of being India's inaugural Deputy Prime Minister. On October 31, 2014, Prime Minister Narendra Modi inaugurated National Unity Day as a gesture of respect and homage to Sardar Patel.

The Department of Basic Sciences and Humanities of Dr. Lankapalli Bullayya College of Engineering conducted National Unity Day on 31-10-2023 from 12:pm to 12:30 pm in Block-8, Seminar Hall. The 1st year B.Tech Students of CSE and ECE branches and the faculty members actively participated in the Event.

Dr. V Radha Devi, Head of the Department of Basic Sciences & Humanities of Dr. Lankapalli Bullayya College of Engineering has inaugurated the program. Mrs. S. Siva Jyothi Asst. Professor in Engineering Physics spoke about the significance of the Day. A group of Teachers and students have sung the song of unity and Dr. N Swathi has guided the students and staff in taking the Unity Pledge. The programme successfully ended with Vote of Thanks.

I solemnly pledge that I dedicate myself to preserve the unity, integrity and security of the nation and also strive hard to spread this message among my fellow countrymen. I take this pledge in the spirit of unification of my country which was made possible by the vision and actions of Sardar Vallabhbhai Patel. I also solemnly resolve to make my own contribution to ensure internal security of my country.

About the EEE Department:

The Department of Electrical & Electronics Engineering was established in 2010-2011. The department offers a four year degree program Admission process is through state- wide entrance examination i.e. EAMCET. The department is resourceful in terms of infrastructure and state-of-the-art facilities to pursue academic education and research in niche areas of technology. Liberal funding from the college management has enabled the Department to acquire specialized research facilities. The highly qualified and experienced faculty in adequate strength with zero attrition rates is one of the most significant features of the department. Electrical & Electronics Engineering is an enlightening branch which requires overall peripheral knowledge about all other branches and in-depth knowledge of Electrical & Electronics Engineering.

Theme of the Event:

Dasara is a major Hindu festival celebrated in India, especially in the northern and western parts of the country. It falls on the tenth day of the Hindu calendar month of Ashvin, which typically corresponds to September or October in the Gregorian calendar. Dasara marks the triumph of good over evil, symbolized by the victory of Lord Rama over the demon king Ravana, as narrated in the Hindu epic Ramayana.

The festival spans nine days, during which different forms of the goddess Durga, representing feminine power or Shakti, are worshipped. These nine days are known as Navaratri, with each day dedicated to a different form of the goddess. In many regions of India, Navaratri is celebrated with fasting, prayer, and traditional dances like Garba and Dandiya Raas.

The tenth day, which is Dasara, is the most significant. It commemorates the day when Lord Rama, an avatar of the god Vishnu, defeated Ravana and rescued his wife Sita from captivity. This victory is celebrated with great fervor and enthusiasm. In many places, elaborate processions, reenactments of the Ramayana, and burning effigies of Ravana, his brother Kumbhakarna, and his son Meghnath take place. These effigies are filled with firecrackers and set ablaze, symbolizing the victory of good over evil.

Dasara is also a time for cultural events, fairs, and exhibitions, showcasing the rich heritage of India. In the city of Mysore in Karnataka, Dasara is particularly grand, with the Mysore Palace illuminated beautifully and a grand procession featuring decorated elephants, dancers, musicians, and various cultural floats. The Mysore Dasara is renowned worldwide for its splendor and attracts tourists from all over the globe.

A time for celebration

A tie for victory of good over evil,

A time when the world sees an example of the power of good.

Let us continue the same "true" spirit

May maa Durga gives you all the power to fight against all misfortune and bring peace and prosperity in your life.

Invitation

Department of Electrical and Electronic Engineering is conducting a "Durga pooja"

You are all cordially invited to join us
In the great celebration of Durga pooja on 20th October 2023, Friday

Time -10:00Am

Venue -Electrical machines lab, block -7 (cg-04).

About the Institute:

Dr. Lankapalli Bullayya College of Engineering for Women encourages and promotes education and keeps its focus on empowerment and their personality development with which they can face the challenges of modern world. The broad objective of the institution is to provide the right opportunities to students for learning the higher skills in new technologies and building their extraordinary careers in industry and research organizations.

Acclaimed by the student community as an outstanding women engineering college in the smart city Visakhapatnam, Andhra Pradesh, Dr. Lankapalli Bullayya College of Engineering (for women), was established by The Society for Collegiate Education in 2010 with the objective to produce technologists and scientists who would engage in research, design and development to help building the nation. Our Campus is ideally located in the heart of the city on 10 acre land.

The curriculum places emphasis on basic topics in engineering sciences, design and experimental methods. The College's faculty and staff strive hard with their limitless potential and technical expertise to create ingenious Engineers.

About the Department of Computer Science Engineering:

The Department of computer science and engineering was started in the year 2010 with the aim of equipping the students sufficiently with the required theoretical foundation and practical skills needed to make them active participants in the highly rewarding field of Computer Science and Information Technology. State-of-the-art infrastructure combined with a team of highly qualified and committed teachers who strive unceasingly to enable students achieve their goals characterize the academic environment.

Theme of the Event

Ganesh Chaturthi is a vibrant and widely celebrated Hindu festival dedicated to Lord Ganesha, the deity known for wisdom, prosperity, and good fortune. It usually falls in the Hindu month of Bhadra (mid-August to mid-September) and lasts for around 10 days, with the biggest celebrations occurring in Maharashtra, India.

The festival marks the birthday of Lord Ganesha, the son of Lord Shiva and Goddess Parvati, and is observed with immense joy and fervor. Homes and public places are adorned with colorful decorations, and clay idols of Lord Ganesha, varying in size, are installed in beautifully decorated pandals (temporary shrines).

The celebrations commence with the installation of the Ganesha idols amidst chants, prayers, and devotional songs. Over the following days, devotees offer modak (a sweet delicacy), fruits, flowers, and other favorite foods of Lord Ganesha as a part of the rituals. Various cultural events, music, and dance performances are organized during this period, adding to the festive spirit.

On the last day, the idols are taken out in grand processions with much fanfare and immersed in water bodies, symbolizing the cycle of creation and dissolution. This ritual is called Ganpati Visarjan and is accompanied by energetic dancing, singing, and chanting.

Ganesh Chaturthi is not just a religious festival but also a celebration of community, togetherness, and cultural richness. It brings people from all walks of life together to rejoice in the spirit of unity and devotion towards Lord Ganesha.

About the Event:

In India, 5th September is celebrated as Teachers' Day as a mark of tribute to the contribution made by teachers to the society. 05th September is the birthday of a great teacher Dr. Sarvapalli Radhakrishnan, a staunch believer of education and a well-known diplomat, visionary, statesman, scholar, President of India and above all a perfect Teacher. In 1962, when Dr. Radhakrishnan became the President of India, he was approached with a request of celebrating his birthday. He said, "Instead of celebrating my birthday, it would be my proud privilege if this day is observed as Teachers' Day". This showed his love for the teaching profession. From then onwards, this day is celebrated as Teachers' Day in India.

Teachers mould the lives of the students by guiding them, by enriching their personalities, by imparting ethical and moral values and have more influence on them. Teacher's Day is celebrated with great enthusiasm in many parts of the world. This day is dedicated to the teachers with the sense of respect, appreciation, encouragement and support for their devotion to their students.

The Teacher's Day was celebrated Computer Science Engineering Department on 5th September, 2023. Students decorated their classrooms and the faculty were welcomed warmly. Each faculty were given a gift as a token of gratitude to show the acknowledgement and recognition of the hard work put by the teachers towards their development.

Theme of the Event:

Independence Day is celebrated on August 15th every year to mark the country's independence from British colonial rule in 1947. Here are some reasons why Independence Day is so important in India:

Commemoration of India's Freedom Struggle:

Independence Day is an occasion to remember and honor the countless freedom fighters who sacrificed their lives to liberate the country from British colonial rule. It is a day to pay tribute to the struggle and sacrifices made by the likes of Mahatma Gandhi, Jawaharlal Nehru, Sardar Vallabhbhai Patel, and many others who fought for India's freedom.

Celebration of India's Independence:

Independence Day is a day to celebrate India's sovereignty and independence. It is a time to reflect on the country's progress and achievements since independence and to renew our commitment to building a better future for all Indians.

Promotion of National Unity and Patriotism:

Independence Day is an occasion to promote national unity, patriotism, and the spirit of brotherhood among all Indians. It is a time to set aside differences and come together as one nation to celebrate our diversity and shared values.

Renewal of Commitment to the Constitution:

Independence Day is also an occasion to renew our commitment to the Constitution of India, which outlines the fundamental rights and duties of citizens and provides the framework for our democracy.
