World Environment Day

(05-06-2023)

Theme of the Event:

World Environment Day is celebrated annually on June 5th and serves as a global platform to raise awareness and take action on pressing environmental issues. It was established by the United Nations General Assembly in 1972 and has since become one of the most significant days for promoting environmental awareness and engagement worldwide.

The importance of World Environment Day can be understood through the following points:

Global Environmental Awareness: World Environment Day plays a crucial role in increasing awareness about environmental challenges and concerns across the globe. It serves as a reminder that the health of our planet is a shared responsibility and that individual actions collectively make a significant impact on the environment. It educates people about the importance of sustainable practices, conservation, and the need to protect our natural resources.

Addressing Environmental Issues: Each year, World Environment Day focuses on a specific theme or environmental issue of global importance. This theme serves as a call to action, encouraging individuals, communities, organizations, and governments to address the particular challenge at hand. The day provides an opportunity to mobilize efforts, share knowledge and best practices, and promote sustainable solutions to environmental problems.

Individual and Collective Action: World Environment Day emphasizes the power of individual and collective action in making a positive impact on the environment. It encourages individuals to adopt sustainable practices in their daily lives, such as conserving energy, reducing waste, promoting recycling, and embracing eco-friendly alternatives. The day inspires communities and organizations to organize clean-up drives, tree plantations, awareness campaigns, and other activities that contribute to environmental preservation.

Education and Empowerment: World Environment Day plays a crucial role in environmental education and empowerment. It provides an opportunity to educate people, especially the younger generation, about environmental issues, their causes, and the potential solutions. By raising awareness and empowering individuals with knowledge, World Environment Day encourages active participation in environmental conservation.

ABOUT THE PROGRAMME:

Rallying for a plastic ban is a great way to raise awareness about the environmental impact of plastic pollution. We can organize or participate in events, spread information on social media, and support policies that promote reduced plastic usage and recycling. Remember, collective action is essential to address this issue effectively.

Plastic, once hailed as a miracle material, has now become a curse that chokes our oceans, poisons our wildlife, and mars our landscapes. Our addiction to single-use plastics has created an environmental crisis of unprecedented magnitude

Why should we ban plastics? Because our oceans are drowning in them. Because countless animals are suffering and dying from ingesting or becoming entangled in plastic debris. Because microplastics are infiltrating our food chain, posing a threat to human health.

ABOUT THE PROGRAMME:

The NSS unit of Dr.Lankapalli Bullayya College Of Engineering conducted a HPCL BEACH CLEANING EVENT on 14/07/2022 from 6.00A.M to 8.00A.M as a part of N.S.S special camp activity.

The main purpose of this programme is to create awareness on what is BEACH CLEANING EVENT. Beach cleaning or clean-up is the process of removing solid litter, dense chemicals, and organic debris deposited on a beach or coastline by the tide, local visitors, or tourists. Humans pollute beaches with materials such as plastic bottles and bags, plastic straws, fishing gear, cigarette filters, six pack rings, surgical masks and many other items that often lead to environmental degradation.This event is conducted near YMCA to Sagar nagar beach.

Prof D.Deepak Chowdary, Principal of the College, Vice Principal, Sri S.M.Rahaman, NSS programme officer, Ms.S.Sivajyothi and the students of NSS Unit participated in the unit.

World Environment Day – 5K run Programme (05-06-2022)

Theme of the Event:

World Environment Day on 5 June is the biggest international day for the environment. Led by the United Nations Environment Programme (UNEP) and held annually since 1973, the event has grown to be the largest global platform for environmental outreach, with millions of people from across the world engaging to protect the planet.

In view of this, a 5K run has been planned on 05-06-2022 at R.K.beach, Visakhapatnam.

Dr. Lankapalli Bullayya College of Engineering

Sub: Permission request for the conduction of 5K run-Reg

Sir,

I am writing to request your permission for an event the Department of Electrical and Electronics Engineering would like to conduct. On the occasion of World Environment Day, we would like to conduct a 5K run at R.K.beach and campaign about the efficient uage of electrical energy on 5th June from 6:00am onwards. So in this regard, I request for your acceptance and presence and provide us necessary facilities that are required. We are eagerly waiting for the positive response and allow us to make this event a grand success. Please do the needful Sir.

Thanking you Sir,

Yours Sincerely,

(H.O.D. E.E.E.)

CIRCULAR

World Environment Day is celebrated on June 5 every year to mark the importance of nature and environment. In this regard, green9 club of the Department of Electrical and Electronics Engineering would like to conduct a 5K run at R.K.beach and campaign starting from Kali maatha Temple about the efficient usage of electrical energy on 5th June from 6:00am onwards. All the students are invited and those who are interested, please get their name registered with the event coordinator Mr. M.Srinivas and make the event a grand success.

Theme of the Event:

World Environment Day on 5 June is the biggest international day for the environment. Led by the United Nations Environment Programme (UNEP) and held annually since 1973, the event has grown to be the largest global platform for environmental outreach, with millions of people from across the world engaging to protect the planet.

On this day, we have conducted a 5K run on 05th June 2019 in the early hours at beach road. The main motto of this 5K Run is "1Unit Saved = 2 Units Generated". The event has been conducted in collaboration with VIZAG RADIO CITY 91.1 FM & Msl LEDs.
