Visakhapatnam.

To

The Principal,
Dr.Lankapalli Bullayya College of Engineering for Women,
Visakhapatnam.

Respected Sir,

Sub: Request to grant permission to conduct Seed Ball Campaign on 29-08-2018 at Simhachalam- reg

In an effort towards inculcating the spirit of environmental conservation among the NSS Cadets through increasing the extent of green cover, the NSS Unit of Dr.Lankapalli Bullayya College of Engineering for Women in association with Paryavaran Margadarsi Vaisakhi Has planned an event to conduct a Seed Balling Campaign on 29-08-2018 in the Simhachalam Hill area.

Thanking you Sir,

Yours sincerely,

S. Siva Jyothi
Mrs. S.Siva Jyothi

About the Institute:

Dr. LankapalliBullayya College of Engineering (for women) encourages and promotes education and keeps its focus on empowerment and their personality development with which they can face the challenges of modern world. The broad objective of the institution is to provide the right opportunities to students for learning the higher skills in new technologies and building their extraordinary careers in industry and research organizations.

Acclaimed by the student community as an outstanding women engineering college in the smart city Visakhapatnam, Andhra Pradesh, Dr. LankapalliBullayya College of Engineering (for women), was established by The Society for Collegiate Education in 2010 with the objective to produce technologists and scientists who would engage in research, design and development to help building the nation. Our Campus is ideally located in the heart of the city on 10 acre land.

The curriculum places emphasis on basic topics in engineering sciences, design and experimental methods. The College's faculty and staff strive hard with their limitless potential and technical expertise to create ingenious Engineers.

Theme of the Event:Increasing Green Space and Improving Food Security Through Seed Balls

Enhancing the green cover through traditional methods that allow for naturally assisting the processes of seed germination and dispersal, while effectively handling the constraints of shortage of land reserved for forests is the major challenge faced by governments committed to restoring the ecological balance.Seed balling or Seed bombing is one such initiative that has been successfully proven to increase the green cover if undertaken during the rainy season.

Seed balls are marble-sized balls of clay, earth, humus or compost, and seeds. Seed bombing is a farming technique of introducing vegetation to land by throwing or dropping the seed balls.Seed balls have an 80 percent growth success rate in comparison to regular seedlings, which helps people farming in rural areas have a more consistent supply of food. This also prevents from the constant problems of seed predation and erosion that are faced by other methods.

Since our country is majorly an agricultural economy whose quantum of production is symbiotically interlinked with the extent of land under forests, bringing about awareness among the general public is important. This becomes easy by involving students in these activities through platforms such as NSS. Effective completion of this task is possible when there is a tripartite collaboration between the students, their academic institutions to which they belong as well as NGOs working in that field. When implemented appropriately and at the right time with suitable guidance and monitoring, this has the effect of increasing the land under green cover significantly.

National Service Scheme Unit

- Co-ordinator:** Mrs.S. Siva Jyothi,
Programme Officer, NSS UNIT,
Dr.LankapalliBullayya College of Engineering for Women
- Associated NGO:** Dr.Surapaneni Vijay Kumar,
ParyavaranMargadarsiVisakhi,
Visakhapatnam.
- About the Program:** Seed Balling Campaign
- Date and Venue:** 29-08-2018, Simhachalam Hill surroundings

In order to educate, train and guide the NSS Volunteers to take proactive role in enhancing the green cover, the N.S.S Unit of Dr. LankapalliBullayya College of Engineering (for women) has conducted the SEED Ball throwing campaign, on the hills of Simhachalam. Dr.Surapaneni Vijay Kumar, ParyavaranMargadarsiVisakhi has guided this SEED Ball throwing campaign. NSS cadets and first year B.Tech students of Dr. LankapalliBullayya College of Engineering (for women) have actively participated in the campaign. Additionally officials of the Simhachalamdevasthanam along with Forest Ranger, Mr.UmaMaheswara Rao participated in this campaign along with the students.

Using manure provided by the Devasthanam, the cadets created Seed balls of a variety of plant varieties including the mighty banyan and sandalwood trees, along with fruit and flower bearing species. The students dispersed about 50000 Seeds using this method during this campaign.

In this programme NSS Programme Officer Mrs.S.Siva Jyothi, Dr .B.Pardhasaradhi from the department of Basic Sciences and Humanities, Mrs.R.Ushas Rani from Department of ECE, and Mrs.P.Pushpavalli from the Department of CSE participated in the campaign along with our NSS students and first year B.Tech students.

English Translation of News Paper Clipping

Simhachalam, Newstoday: Students who are traditionally accustomed to wrestling with books in the classroom were seen sweating it out among the elements in the hilly regions of Simhachalam busily dispersing seeds on Wednesday. In an activity supported by Simhachalam Devasthanam, students of Dr.Lankapalli Bullayya college of Engineering(for Women) participated in large numbers. Using manure provided by the Devasthanam, the students then created Seed balls of a large variety including those of trees such as sandalwood, banyan as well as a fruits and flower bearing varieties. In this campaign alone it was reported that about 50,000 seeds were dispersed using the Seed balling method in these hilly regions. According to official sources, about one lakh seeds were dispersed using this method this year alone. Officials of the Devasthanam along with Forest Ranger, Mr. Uma Maheswara Rao participated in the event along with the students.

About the Institute:

Dr. Lankapalli Bullayya College of Engineering encourages and promotes education and keeps its focus on empowerment and their personality development with which they can face the challenges of modern world. The broad objective of the institution is to provide the right opportunities to students for learning the higher skills in new technologies and building their extraordinary careers in industry and research organizations.

Acclaimed by the student community as an outstanding women engineering college in the smart city Visakhapatnam, Andhra Pradesh, Dr. Lankapalli Bullayya College of Engineering (for women), was established by The Society for Collegiate Education in 2010 with the objective to produce technologists and scientists who would engage in research, design and development to help building the nation. Our Campus is ideally located in the heart of the city on 10 acre land.

The curriculum places emphasis on basic topics in engineering sciences, design and experimental methods. The College's faculty and staff strive hard with their limitless potential and technical expertise to create ingenious Engineers.

Theme of the Event:

Blood donation is a voluntary process where individuals donate their blood to be used for medical purposes. Donated blood is often used in medical treatments, surgeries, and emergencies. It's an essential resource for healthcare systems to ensure a steady supply of blood for patients in need. Typically, donors need to meet certain eligibility criteria, including age, weight, and overall health. The donation process involves a medical screening to ensure the donor's safety and the safety of the recipient. After donation, the blood is tested, processed, and stored before being distributed to hospitals and clinics.

Donating blood is a selfless act that can save lives. It's important for donors to check with local blood donation centers or organizations to learn about the specific donation procedures and requirements in their area. In order to introduce the students to the necessity, benefits and precautions to be taken before, during and after blood donation the NSS unit of Dr.Lankapalli Bullayya College of Engineering is planning to organize a Blood Donation camp on on 06-10-2018 from 10:00AM to 1:00 PM. The NSS program officer and NSS cadets would like to utilize this opportunity to raise awareness among the students, Teaching and Non-Teaching staff members regarding the necessity of inculcating Blood Donation on a regular basis.

CO-ORDINATOR : Mrs.S.Siva Jyothi,
NSS Programme Officer,
Dr.Lankapalli College of Engineering

Date and Time: from 10:00AM to 1:00 PM

ABOUT THE PROGRAMME:

With the aim of raising awareness among the Students, Faculty Members and Non-Teaching Faculty Members regarding the necessity, benefits and precautions to be taken before, during and after Blood Donation, the NSS Unit of Dr.Lankapalli Bullayya College of Engineering, Visakhapatnam in association with Rotary Blood Bank, Visakhapatnam, organized a Blood Donation Camp in the campus. Dr.G.Madhu Kumar, Secretary & Correspondent of the college appreciated the efforts of the NSS unit for organizing the Blood Donation Camp. Prof.K.C.Reddy, President of Dr.Lankapalli Bullayya Colleges stressed about the need for Blood donation at a much higher scale in order to meet the demands of the ever increasing population. He also emphasized the need for governments to enhance the facilities currently available for blood collection, processing, storage and transportation safely following the established medical standards. Dr.D.Deepak Chowdary encouraged the students, Faculty Members and Non-Teaching Staff of the college to inculcate Blood Donation as a regular habit for benefitting the self, society and national development. NSS Program officer Mrs.S.Siva Jyothi and NSS cadets along with a large number of interested students participated in the programme. Certificates of Appreciation were distributed to the blood donors.

About the Institute:

Dr.LankapalliBullayya College of Engineeringfor Women encourages and promotes education and keeps its focus on empowerment and their personality development with which they can face the challenges of modern world. The broad objective of the institution is to provide the right opportunities to students for learning the higher skills in new technologies and building their extraordinary careers in industry and research organizations.

Acclaimed by the student community as an outstanding women engineering college in the smart city Visakhapatnam, Andhra Pradesh, Dr.LankapalliBullayya College of Engineering for Women, was established by The Society for Collegiate Education in 2010 with the objective to produce technologists and scientists who would engage in research, design and development to help building the nation. Our Campus is ideally located in the heart of the city on 10 acre land.

The curriculum places emphasis on basic topics in engineering sciences, design and experimental methods. The College's faculty and staff strive hard with their limitless potential and technical expertise to create ingenious Engineers.

Theme of the Event:

The main purpose of this programme is to create awareness on what is AIDS. AIDS (Acquired Immune Deficiency Syndrome) is a medical condition caused by HIV (Human Immunodeficiency Virus) that sabotages the immune system of a person making it vulnerable to infections including opportunistic infections. HIV can be transmitted in many ways such as sexual transmission without a condom, use of contaminated syringe or drug equipment, blood transfusion from an infected person and from mother to child during giving birth or breast feeding.

The main theme of 2018 Worlds AIDS Day is "Know Your Status" where WHO will join global partners. This will also be an occasion to celebrate the 30th anniversary of World AIDS Day. World Aids Day is a pioneering global health campaign first initiated by WHO in 1988.

The main aim of 2018 Worlds AIDS Day was to accomplish the following objectives:

1. Urge people to know their HIV infection status through testing, and to access HIV prevention, treatment and care services.
2. Urge policy-makers to promote a "health for all" agenda for HIV and related health services, such as tuberculosis (TB), hepatitis and other non-communicable diseases.

Upholding its commitment towards societal improvement, the NSS unit of Dr.LankapalliBullayya College of Engineering for Womenorganized a rally from GVMC to VUDA Children's Arena from 9.00A.M to 4.00P.M under the guidance of NSS Programme Officer Mrs.S.Siva Jyothi.

Visakhapatnam

Date and Time: 01-12-2018 from 09:00AM to 04:00PM

VENUE: GVMC to VUDA Childrens Arena
Visakhapatnam.

ABOUT THE PROGRAM :

The NSS UNIT of Dr.LankapalliBullayya College of Engineering is committed to the social causes of health and harmony, growth and development of the society while focusing on the youth, which is the section of the society that has the potential to be equally vulnerable as well as become vital contributors to national development. In this spirit, NSS Unit of the college utilizes all avenues possible to raise awareness among the youth regarding the potential hazards of health situations as well as their measures of prevention, treatment and eradication. With the above goal in mind, the NSS unit of Dr.LankapalliBullayyaCollege Of Engineering for Women conducted a AIDS DAY RALLY on 01/12/2018 as a part of N.S.S special camp activity.

Prof D.Deepak Chowdary, Principal of the College, Vice Principal, Sri S.M.Rahaman, NSS programme officer, Mrs.S.Siva Jyothi and the students of NSS Unit participated in the unit. During this rally the students displayed placards and explained to the general public regarding the measures of prevention, cure and rehabilitation provided by the Government.

Visakhapatnam,

30-12-2018.

From

S. Siva Jyothi
N.S.S Programme Officer,
Dr.Lankapalli Bullayya College of Engineering (for Women),
Visakhapatnam.

To

The Principal,
Dr.Lankapalli Bullayya College of Engineering (for Women),
Visakhapatnam.

Respected Sir,

Sub: Request to organize BLOOD DONATION CAMP on 02-01-2019 at
Block-2 Seminar Hall - reg.

The N.S.S Unit of Dr.Lankapalli Bullayya College of Engineering (for Women),
would like to organize a "Blood Donation Camp" in the Block2 Seminar Hall from
10:00 AM to 03:00 PM on 02-01-2019. In this regard, I request you Sir to kindly grant
permission to conduct the programme on that date.

Thanking you Sir,

Yours sincerely,

S. Siva Jyothi

About the Institute:

Dr. Lankapalli Bullayya College of Engineering encourages and promotes education and keeps its focus on empowerment and their personality development with which they can face the challenges of modern world. The broad objective of the institution is to provide the right opportunities to students for learning the higher skills in new technologies and building their extraordinary careers in industry and research organizations.

Acclaimed by the student community as an outstanding women engineering college in the smart city Visakhapatnam, Andhra Pradesh, Dr. Lankapalli Bullayya College of Engineering (for women), was established by The Society for Collegiate Education in 2010 with the objective to produce technologists and scientists who would engage in research, design and development to help building the nation. Our Campus is ideally located in the heart of the city on 10 acre land.

The curriculum places emphasis on basic topics in engineering sciences, design and experimental methods. The College's faculty and staff strive hard with their limitless potential and technical expertise to create ingenious Engineers.

Theme of the Event:

Blood donation is a voluntary process where individuals donate their blood to be used for medical purposes. Donated blood is often used in medical treatments, surgeries, and emergencies. It's an essential resource for healthcare systems to ensure a steady supply of blood for patients in need. Typically, donors need to meet certain eligibility criteria, including age, weight, and overall health. The donation process involves a medical screening to ensure the donor's safety and the safety of the recipient. After donation, the blood is tested, processed, and stored before being distributed to hospitals and clinics.

Donating blood is a selfless act that can save lives. It's important for donors to check with local blood donation centers or organizations to learn about the specific donation procedures and requirements in their area. In order to introduce the students to the necessity, benefits and precautions to be taken before, during and after blood donation the NSS unit of Dr.Lankapalli Bullayya College of Engineering is planning to organize a Blood Donation camp on 02-01-2019 from 10:00AM to 3:00 PM. The NSS program officer and NSS cadets would like to utilize this opportunity to raise awareness among the students, Teaching and Non-Teaching staff members regarding the necessity of inculcating Blood Donation on a regular basis.

National Service Scheme Unit

CO-ORDINATOR : Mrs S.Siva Jyothi,
NSS Programme Officer,
Dr.Lankapalli College of Engineering
Date and Time: 02-01-2019 from 10:00AM to 3:00 PM
VENUE: Block 8 Seminar Hall,
Dr.Lankapalli Bullayya College of Engineering
Visakhapatnam.

ABOUT THE PROGRAMME:

'With the aim of raising awareness among the Students, Faculty Members and Non-Teaching Faculty Members regarding the necessity, benefits and precautions to be taken before, during and after Blood Donation, the NSS Unit of Dr.Lankapalli Bullayya College of Engineering, Visakhapatnam in association with Rotary Blood Bank, Visakhapatnam, organized a Blood Donation Camp in the campus. Dr.G.Madhu Kumar, Secretary & Correspondent of the college appreciated the efforts of the NSS unit for organizing the Blood Donation Camp. Prof.K.C.Reddy, President of Dr.Lankapalli Bullayya Colleges stressed about the need for Blood donation at a much higher scale in order to meet the demands of the ever increasing population. He also emphasized the need for governments to enhance the facilities currently available for blood collection, processing, storage and transportation safely following the established medical standards. Dr.D.Deepak Chowdary encouraged the students, Faculty Members and Non-Teaching Staff of the college to inculcate Blood Donation as a regular habit for benefitting the self, society and national development. NSS Program officer Mrs.S.Siva Jyothi and NSS cadets along with a large number of interested students participated in the programme. Certificates of Appreciation were distributed to the blood donors.

PROCEEDINGS OF THE COMMISSIONER OF POLICE, VISAKHAPATNAM CITY

**Present: Shri Mahesh Chandra Laddha, IPS.,
Commissioner of Police, Visakhapatnam City.**

C.No.93/Genl.Elecs/2019

Date: 06.04.2019

Sub:- Police Commissionerate, Visakhapatnam City - General Elections to HoP & APLA -2019 - Appointment of SPOs from various organisations like NSS, NCC, Bharat Scouts & Guides, Ex. Servicemen, Retired Police Officers and other Educational Institutions - Instructions - Issued - Regarding.

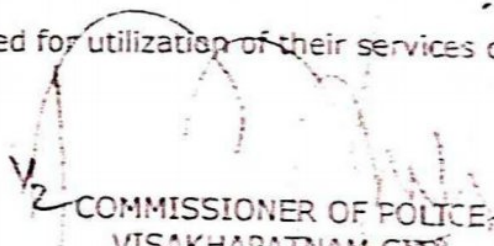

Ref:- 1. Sec.17 of Indian Police Act, 1861.
2. ECI No.464/ECI/TERR/SOU3/AP/2019, dt.31.03.2019.
3. C.O. RM in Rc.No.32/Genl.Elecs/2019, dt.01.04.2019.

The Election Commission of India, New Delhi vide ref. 2nd cited has permitted to utilize the services of Special Police Officers (SPOs)/Ex. Servicemen and use of NCC/NSS cadets and Bharath Scouts & Guides for various Election Bandobust duties subject to the conditions laid therein.

In view of the General Elections to HoP & APLA, 2019, there is short fall of Police force to provide bandobust for each and every Polling Station in Visakhapatnam Police Commissionerate area to maintain queues and order etc. and there is need to acquire the services of NSS, NCC, Bharat Scouts & Guides, Ex Servicemen, Retired Police Officers and from other Educational Institutions to build confidence among the general public for free and fair elections.

As such, the information laid before me that the above cadets, troops and other persons from other organizations who are willing to extend their services for maintenance of queues and order at Polling Stations in Visakhapatnam Police Commissionerate limits (list enclosed) are appointed as Special Police Officers (SPOs) as per the powers conferred on me vide Sec.17 of Indian Police Act, 1861.

As of now, 1685 SPOs have been notified for utilization of their services during General Elections -2019.

COMMISSIONER OF POLICE
VISAKHAPATNAM CITY

To

Copy to the Collector & District Election Officer, Visakhapatnam City.

Draft for approval

Elections/Immediate :

Office of the
Commissioner of Police,
Visakhapatnam city

C.No.94/Genl.Elecs/2019.

Dated: .04.2019

Memo

Sub:-Utilization of services of NSS/Scouts/Ex-Servicemen/
Security personnel and Retired Police Officers for election
duties in General elections to HoP/APLA -2019 - Regarding.

Ref:- 1. ECI Lr.No.464/ECI/TERR/SOU3/AP/2019, dtd: 31.3.2019
2. C.O. RM. Rc.No. 32/Genl.Elecs/2019, dated: 01.04.2019.

The Election Commission of India, New Delhi has permitted to utilize the services/use of Ex-Servicemen, Special Police Officers, NSS, Scouts for various election bandobust duties. About the Institute:

Dr.LankapalliBullayya College of Engineering encourages and promotes education and keeps its focus on empowerment and their personality development with which they can face the challenges of modern world. The broad objective of the institution is to provide the right opportunities to students for learning the higher skills in new technologies and building their extraordinary careers in industry and research organizations.

Acclaimed by the student community as an outstanding women engineering college in the smart city Visakhapatnam, Andhra Pradesh, Dr.LankapalliBullayya College of Engineering for Women, was established by The Society for Collegiate Education in 2010 with the objective to produce technologists and scientists who would engage in research, design and development to help building the nation. Our Campus is ideally located in the heart of the city on 10 acre land.

The curriculum places emphasis on basic topics in engineering sciences, design and experimental methods. The College's faculty and staff strive hard with their limitless potential and technical expertise to create ingenious Engineers.

Theme of the Event:

Elections provide an opportunity to the citizens to choose leaders who can in turn voice their concerns and problems in the houses of central and state legislature while allowing the elected representatives to discuss, deliberate and arrive at solutions which can ensure that the benefits of growth and development reach the poorest of the poor. Electoral democracy is an event that repeats after every five years which provides an opportunity for the cross section of youth reaching the age of adult franchise, i.e., 18 years to express their opinion by way of the right to vote for the candidate of their choice. For this to happen a free and fair electoral policy has to be adopted by the agencies responsible for conducting the election including the police, election personnel who are government employees who have been deputed by their corresponding departments to contribute to the election process. In this context, the Election commission has wisely taken the decision to involve the NSS Cadets in assisting with the election duties. This will help them gain a better understanding of the democratic process of election as well as inspire them to achieve positions of responsibility and service in the social sphere.

About the Program:NSS Cadets participation in AP GENERAL ELECTIONS 2019

Date :11-04-2019 at 8AM

Venue : AU Engineering College Ground

ABOUT THE PROGRAM :

The district administration of the city of Visakhapatnam decided to organize the AP General Elections 2019, by deputing NSS Cadets as well as NSS Programme Officers on various Election duties. In this direction, the NSS unit of Dr.LankapalliBullayya College of Engineering has also received an official request from the Commissioner of Police requesting the Heads of Institutions of Colleges to depute their Faculty Members as well as NSS Programme Officers and NSS Cadets on election duty. Around 50 NSS Cadets and the Programme Officer of the NSS have been deputed by the Principal of the College instructing them to attend the Election Duties on the appointed date and time. This event provided the NSS cadets to gain a first-hand view of the Election process and this acts as a major factor that motivates them to create awareness among the general public regarding the need to exercise their Right to Vote sincerely.

(03-05-2019 to 24-05-2019)**

**Organized by
GREEN9 ENERGY SAVING CLUB**

Dr Lankapalli Bullayya College of Engineering for Women
(Approved by AICTE, New Delhi, Affiliated to Andhra University, Visakhapatnam)
Visakhapatnam
Andhra Pradesh- 530013

About the College

Dr.Lankapalli Bullayya College of Engineering formerly known as Dr.Lankapalli Bullayya College of Engineering for Women was started in 2010 as a part of the group of educational institutions run by the Society for Collegiate Education, Visakhapatnam by the philanthropists and educationalists who visualized the need for serving the society by means of affordable, accessible and qualitative, value-based education.

There are four branches of Engineering in the college including CSE, ECE, EEE and Civil with and annual intake of 120 each for CSE and ECE while the intake for EEE and Civil being 60 seats. The Women's Engineering College then evolved into a full-fledged Co-education Engineering college in the academic year 2020-21. The college is Affiliated to Andhra University, Visakhapatnam and approved by AICTE, New Delhi.

About the EEE Department

The Department of Electrical & Electronics Engineering was established in 2010-2011. The department offers a four year B.Tech degree program. The department is resourceful in terms of infrastructure and state-of-the-art facilities to pursue academic education and research in niche areas of technology. Liberal funding from the college management has enabled the Department to acquire specialized research facilities. The highly qualified and experienced faculty in adequate strength with zero attrition rates is one of the most significant features of the department. Electrical & Electronics Engineering is an enlightening branch which requires overall peripheral

knowledge about all other branches and in-depth knowledge of Electrical & Electronics Engineering.

About the Program

Green 9 Energy Saving Club is a research forum named Energy Efficiency Research Group (GREEN9) that was formed in the year 2016 and initiated the energy efficiency activities from 18th June, 2016. The club is affiliated with a Registered Professional Society named as "The Institution of Green Engineers" (IGEN) which is registered under Societies Registration Act 27 of 1975. The club aims to produce skilled Energy Engineers through G9EnSAv Club – CEEnA (Certified Energy Ambassador) and to inline the activities towards UN Sustainable Development Goals 7 & 13. The quest is to reduce the Carbon dioxide footprint by reducing energy demand through effective energy audit.

The Department of EEE is planning to conduct the Energy Audit of Residential Buildings in the nearby areas through Green 9 Energy Saving Club. The students of EEE Department are the Members of the Green 9 Energy Saving Club.

In this Energy Audit the Members of G9EnSAv Club will visit the Residential Buildings in the nearby areas and conduct the Residential House Preliminary Audit using a separate Audit Questionnaire. The members will also suggest Energy Efficiency tips for the residents.

Program Description:

The Green 9 Energy Saving Club is a research forum that was formed in 2016 by a group of energy experts across the globe to discuss energy consumption and natural resources. The club aims to reduce the carbon dioxide footprint by reducing energy demand through effective energy audit, design, development, and implementation of innovative products that can provide solutions for energy efficiency. The club also promotes awareness of saving energy and renewable energy to the public.

OBJECTIVES OF IGEN GREEN9

- To produce skilled Energy Engineers through G9EnSAv Club – CEnA (Certified Energy Ambassador)
- To inline the activities towards UN Sustainable Development Goals 7 & 13
- The quest to reduce the Carbon dioxide footprint by reducing energy demand through effective energy audit
- To design – develop – implement innovative products which can provide solutions for energy efficiency
- To promote save energy/renewable energy awareness to the general public.

EnSAv India 2022 – To achieve Twenty Lakhs Energy Efficiency Houses by 2022 with the support of EnSAv Club members, in aid of seventy fifth year celebration in 2022.

Event Highlights:

- **Energy Audits:** Our students will conduct energy audits at selected locations, offering personalized recommendations for energy-saving improvements.
- **Tips for Energy Efficiency:** Get expert advice on simple changes you can make to save energy and reduce utility bills.
- **Prizes and Rewards:** Participate in the activities for a chance to win exciting prizes and rewards.

These informative and interactive events will make a positive impact on the environment and daily life.

Impact of Energy Audit on Beneficiaries:

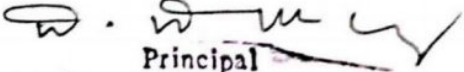

The Energy Audit conducted by the students of Dr. Lankapalli Bullayya College of Engineering for Women under the Green9 club had a profound and positive impact on the beneficiaries, primarily the residents of our local community.

Impact on Beneficiaries:

Reduced Energy Costs: One of the most significant and immediate benefits experienced by the beneficiaries was a notable reduction in their monthly electricity bills. The implementation of energy-saving recommendations led to cost savings for households and businesses alike. Many beneficiaries reported substantial reductions in their energy expenses, alleviating financial burdens.

- **Energy Conservation:** The audit's recommendations empowered beneficiaries to adopt energy-efficient practices and technologies. As a result, energy consumption was reduced, leading to conservation of valuable energy resources.
- **Increased Awareness:** The energy audit and subsequent recommendations played a vital role in raising awareness about responsible energy consumption within the community. Beneficiaries became more conscious of their energy use and its broader impact on the environment. This heightened awareness led to a more informed and environmentally responsible community.
- **Enhanced Quality of Life:** By lowering energy costs and reducing energy wastage, beneficiaries experienced an improved quality of life. The financial relief allowed families to allocate resources to other essential needs.
- **Skill Development:** In addition to benefiting the community, the energy audit provided valuable experiential learning opportunities for the students involved. They gained practical skills in energy auditing, data analysis, and communication, which will serve them well in their academic and professional pursuits.

The Energy Audit conducted by the students of Dr. Lankapalli Bullayya College of Engineering for Women through the Green9 club brought tangible and lasting benefits to the beneficiaries. This initiative underscored our commitment to community engagement, sustainable living, and the development of socially responsible engineers. We are proud of the positive impact we have made on our local community and look forward to continuing such endeavors to benefit both our beneficiaries and the environment.
